- S** Starting from the play park on Clos-Y-Lili, with the park behind you head away from the school and walk along the cycle track. Cross two roads on this track and follow the curvature of the path L then R. There are 2 benches on this path, perfect for rest spots. Make your way slightly uphill, toward the end of the cycle track and turn R. Use the pavement on the R hand side and follow the curve of the road heading downward. Using the dipped pavement, cross Bryn Y Telor.
- 1** Head along on the path past the 2 benches near the playpark. The play park is great opportunity to have fun or take a seat at the third bench in the park itself. There is a short, fairly sharp decline to the pavement here which can be avoided by taking the path that circles around the park. Cross the road safely at this point using the dipped pavements, making your way around the corner on your R to another dipped pavement and cross the road once more onto the tarmac path.
- 2** Continue on this path, going past another play area on your L which also has a bench to rest at. When you arrive at a cross-section of paths, turn R and cross over the road, either by using the dropped curb to the R or stay on the pavement which wraps around on the L. Once on the red brick road in front of you (Lon Yr Helyg), stay on the R hand side of the pavement and head downhill. At the end of the road, turn R to use the dropped curb on your L to cross over, then again on your R toward the cycle path sign and bench.
- 3** Make your way along the cycle path, passing another bench on your L, then up to the path junction. Take a L then a R to head past the All-Weather Sports facility on your L. This path has a steady incline to the top of the hill where you will arrive back at the play park on Clos-Y-Lili. Another great opportunity to rest after your journey.
