- S** Starting from Breakwater Country Park, follow the signpost to the South Stack track and then follow the Coast Path through the wooden gate. The path will take you to a viewpoint at the foot of the cliffs with views of the Breakwater. From here, follow the path up the step to North Stack. From North Stack, continue along the Coast path, which leads uphill and past Holyhead Mountain, passing between two radio towers and leading to South Stack.
- 1** From South Stack, follow the tarmac road to the L until you reach a signposted footpath on the L, which heads along a track and through a barrier. Follow this track until you reach a crossroads beside a reservoir, and then follow the footpath heading slightly to your R to another fork. Keep right at this fork, then head straight at the following fork towards the dry stone enclosure. Follow the path straight through the middle of the enclosed fields and continue straight until you reach another group of enclosed fields.
- 2** At the 4-way crossroads between the fields, turn L to head uphill back in the direction of Holyhead Mountain. Follow this path uphill and over to North Stack and then follow the Coast Path back to the start location at Breakwater Country Park.
