- S** Starting from the play park on Clos-Y-Lili, with the park behind you head away from the school and walk along the cycle track. Cross two roads on this track and follow the curvature of the path L then R. Cross the road and directly in front of you is the end of the cycle route. Walk slightly up hill passing two benches to meet the main road. Turn L at the road and cross over (being mindful of traffic) to head through the gate just after the garage.
- 1** Follow the footpath that cuts around the barn, over a metal stile, keeping the hedgerow close on your R. Pass through 2 fields via a gate and aim toward the R corner of the second field to climb another stile. Keeping R, go over a third stile and walk on to meet the black footpath. Walk R along this path to a gate on your R hand side. Head through the gate and follow the designated path that is fenced either side of you. It is well sign posted and zig-zags, eventually leading you to another kissing gate.
- 2** At the gate, descend the steps and enter the field through the gap in the vegetation. The footpath here heads to the top L of the field before turning back on yourself and following the R hand boundary to a gate at the bottom R of the field. Once through this gate, walk the path close to the boundary on your L to another gate. After the gate, walk down the path to your R (this can be muddy at times) which will walk you close to the hedge on your R in the next field. Proceed through the next gate.
- 3** Take the gate on your R and follow the path which has been fenced, turning R at the next gate, straight through another gate to a public footpath sign and over a stone stile to your R. Follow the path to another stile and walk uphill, hang slightly L until the ground plateaus. Walk straight across the field on the path if visible, towards white houses, passing the Castle, Church and play field on your L. Head through the gate to R of the houses, walk R and take the footpath L into Parc Derwen.
- 4** Continue on the footpath that goes through the grassed area, running in front of the houses until you meet a crossroad of paths. Take a L here then a R in front of the hedgerow. You will walk past 2 benches before turning R at the bottom of the black path to the road (Cae Rhedyn). Cross directly over the road to join the cycle path and over the next road to continue. At the path junction, take a L then a R, heading up past the sports facility and to the start of your route on Clos-Y-Lili.
