**S** Starting from the High Street car park, head up the hill, turning L onto Pensarn. At the end of the street turn L, then take your first R onto Penybrynn passing Rhiw Bethel cottages. Bear L at the fork following the single track road under the railway bridge. Follow the track as it bears R and gradually ascends until reaching a large stone farmhouse with a black post box. Take path through gate on L entering field. Turn R and continue ahead through two further gates. At waymarked junction continue straight ahead to ladder stile.

**1** Cross the ladder stile walking a short distance ahead before turning L beneath the telephone wires, which doubles back and leads slightly uphill towards another stile. Take the stile and head into the woodland, passing a tall wooden stile on your L. Stay on the path, hugging the stone wall, as you descend through the woodland. Take your time as this path can be muddy and very slippery. Cross the wooden stile with care, it can be slippery when wet, where the path meets a stony track at the bottom of the hill.

**2** Follow the signposted track to the L. Where the track forks continue along the lower path. At the cattle grid, turn R and go through the gate. Follow the next track signposted on your L and then head through the metal kissing gate into the field. Follow the edge of the field towards the woodland (straight ahead). Here, you'll come to a stone stile with a metal gate above. Head through the gate and turn L. Follow the path as it ascends through the woodland, passing stone ruins on your L. Continue along the track on exiting the woods.

**3** Where the track meets the road turn L. Follow the road until you reach the railway bridge. Here, follow the signposted path on your L. Take the next signposted path on your R which will lead you through a gate and into a field with a small boardwalk. At the end of the boardwalk, take the fork to the R. Cross the concrete stile to follow the railway line on your R. Head through the wooden gate and turn R along the track (under the railway bridge). Re-trace your steps from here to return to High Street car park.
