Turn R then immediately L at the gap, heading to a stile into a lane by a small cottage. Turn L and follow the tarmac lane down a steep hill to two former watermills. The leet that powered these can still be seen. The lane continues to a junction with a B road. Head straight across into a stony lane.

1

Just past the end of the house and down a hedge lined path, a stile brings you into a field. Head L towards the farm and go through the farmyard via two gates. Keep the farmhouse on your R and head straight on, turning L onto a concrete driveway. Follow this up past a house to a tall stile at the top corner of a small meadow. Keep the hedge to your R and at its end, head L uphill to the top of the field and over the stile by a farm gate (great view across the Teifi valley and beyond to the Preseli hills here).

2

Keep the woods on your R for 50 yards, then head into the woods following the obvious path, trending downwards till you cross the stream at the bottom via a wooden bridge.

The path climbs up the other side of the woods, then trends L parallel to the stream till you reach a farm gate. Past this gate is private land, to your R are a few steps up to a stile that leads to the bottom of a field. Turn L to another stile into a large field.
