Starting from Maindee Library, turn R and head under the railway bridge along Chepstow Road until you reach Clarence place. Across the road you can see the Neon and East Usk Road, head up along this road until you reach Riverside. Continue up Riverside and into the grassland at the edge of the river. Keep going straight along the river until you reach a fork. Take the R hand fork into Glebelands Park and continue on the grass along but further back from the river until you pass under the motorway.

Once past the motorway, continue between the trees and follow the river around to the R, continue around until the path becomes tarmac again and follow this back under the motorway and straight down until you reach the car park where the path curves R and rejoins the route where you walked into the park. Retrace your steps back to Maindee Library.
