Starting from Grosmont Community Hub (with the building in front of you), follow Poorscript Lane on the R hand side and take the dirt track that leads out into fields. Keeping the hedgerow on your R, continue into the next field and cross the corner to a stile on the R of the field, cross into the next field, where you will cross into another larger field where, keeping the hedgerow on your R, you will proceed across the field and keep going through a series of fields until you reach the road.

1

Turn R and head along the road until you find a path headed L. Follow this across the field and head over to the trees on the R. Cross into the next field and head straight on across the field keeping the barn and hedgerow on your R, follow this into the next field and head for the top R corner, pass through a gate and into the next field, keep the hedge on your right as you aim for the next corner where you will cross and head through the gate immediately on your R. Turn L and head for the stile into the next field.

2

Cross the stile and turn L walk past the farm until you reach the road, follow this until it joins the A645, turn L and take the next L into the Parking Area, on the far side you will find a path heading towards a gate to the next field. Pass through and head towards the next gate where you will continue into another field, follow the hedge on your R until you find a stile to cross into the next field. To the R of the house there will be another stile, cross into the next field, head for the bottom corner of this field.

3

Take the stile and follow the path that leads out into another field. Head for the R hand side of the barn and go around it to pick up the farm track on the other side. Follow the track until a stile leads into another field. Cross and head for the gap in the hedgerow ahead, from here keep the hedgerow on your R and head down to the small pond keep this on your L as you cross the field and head along the hedgerow to a stile onto the road. Turn R until you see a left turn at a fork in the road.

4

Follow the road ahead all the way until, just before the large industrial farm, a dirt track leads through the fields to the left of this farm and picks up a hedge line that you will follow through several fields until you hit another road. Turn L here and follow this all the way back into the centre of Grosmont.
