S

Starting from Llyfrgell Maindee Library (with the building behind you), turn L and head down Chepstow road (B4237). At some point use one of the two crossings to get to the other side. When you reach the large junction, follow the pavement around to the R, where there will be trees on your R hand side. Use the crossing here to pass over Wharf road. On the other side, turn R and continue down this road.

1

Take the next L down Archibald street till you are in front of the Maindee Fire Station. Cross the road here and take the underpass below the railway. On the other side, follow the path around to the R. When presented with a L hand turn down a footpath, take this and continue through to Telford street. Turn L and continue straight, sticking to the L side of the road. Where the road bends around to the R, follow this to get to Loftus Gardens.

2

Walking to the opposite side of Loftus Gardens, exit onto Loftus Crescent and take the path that leads to Loftus Walk. Here, turn R and walk down the road, which will meet Corporation road. Turn R onto this road and continue walking until you meet a large junction (where Wharf road is on your R and George street is on your L). Cross over the road straight ahead, taking you to the opposite side of Wharf road.

3

Turn R and walk up Wharf road. Eventually cross over Jeffrey street and under the railway bridge. Follow the pavement after the railway bridge around to the R onto Glebe street. Walk along this street, bending slightly L until you see Speke street on the right (no vehicle entry signs present on either side of this road). Take this road to return to Chepstow road (B4237). Once back on this road, turn L back to Llyfrgell Maindee Library (use one of the crossings to end up on the same side of the street you started on).
